## 1. General

AIRBTC is a multi-functional token in the AIR ecosystem, with a total supply of 210 billion. AirCoin DAO Labs communities around the world have decided to launch AIRBTC to commemorate BTC and AIR; and to honour the legendary Satoshi Nakamoto for his immeasurable efforts for the crypto world and its decentralization. AIRBTC has inherited the core value of BTC, is committed to achieving decentralized operation; and provides users with new environmentally friendly mining opportunities through innovative mechanisms.

## 2. Tokenomics

### 2.1. Supply and Distribution

The total supply of AIRBTC is 210 billion, with the distribution structure as follows:

- Black hole: 20 billion (accounting for 9,52%)
- LP mining: 136.5 billion (accounting for 65%)
- Community Fund: 10.4 billion (accounting for 5%)
- Burning: 41.45 million (accounting for 0.02%)
- LP added: 23.05855 billion (accounting for 10.98%)
- Pot: 20 billion (accounting for 9.52%) – This LP has been sent to the black hole for destruction.

### 2.2. Mining and Burning

The daily increase is the sum of 39,555.5 million and 2,876 million commemorative coins, i.e. 68,315 million per day. It is estimated there will be a trading volume of 3.5 billion per day. The burning volume of the two is greater than the increase.

### 2.3. On-Chain Buy and Sell Tax

AIRBTC (LP mining model) buy and sell tax: 5%, in which:

- Burning: 2%
- Buy Back: 1%
- Operation & Marketing: 2%

### 3. AIRBTC Mining Guidelines

LP mining method has been adopted by AIRBTC. Mining is executed by the USDT-AIRBTC LP token, which is obtained by USDT on PancakeSwap to purchase AIRBTC and then add it to LP (V2).

USDT-AIRBTC LP tokens need to remain in the same wallet, DO NOT transfer them to other wallets, otherwise, mining won't be able to be carried out. Mining takes place every 24 hours for an 8-year cycle.

## **5. Conclusion**

AIRBTC is not only an emerging cryptocurrency, but also a token of our commitment to decentralization, promoting blockchain technology development, and helping transform the global financial system. While enjoying the mining feast, each one of us can also join the AIRBTC communities in exploring the path of innovation and collectively promoting the application and development of blockchain technology.
